2nd step: Awareness

There might be another way.

3rd step: Understanding

There are reasons why people respond differently!

4th step: Acceptance and Respect

It's okay to be different.

5th step: Appreciation and Valuing

Differences can enhance our lives (and be fun!).

6th step: Selective Adoption

I choose what I like best from each culture.

7th step: Multiculturalism

Each of us contributes fully!
